

# EJ Grabs Line Honours On Gold Coast Projects

The winning team line-up at EJ.

The unspoken captain of the Gold Coast EJ team is proud to have extended the reach of the brand EJ in his territory of Queensland's Gold Coast. His conquests include a catalogue of sporting venues, some being prepared for the up-and-coming Commonwealth Games and other varied projects from major shopping complexes, transport infrastructure, massive residential developments and a casino upgrade.

The Gold Coast team has had a field day of it, beginning with an extensive upgrade of the Southport Broadwater swimming pool complex, featuring the installation of a truck load of decorative brass-edged covers to conceal service pits and maintain aesthetics in the pool's gardened surrounds.

But these successful installations have led to the parade of other sporting venue projects including the Broadbeach Lawn Bowling Centre fitted out with new grease-trap lid-sets. The

Hockey Fields which will feature galvanized steel gratings and domed grates. Carrara Stadium & Basketball Centre already kitted out with 2 and 3 part covers as well as HEELPROOF™ trench gratings and frames. Over at Jacobs Well, the Badminton Centre scores galvanized HEELPROOF™ grating, LA60B and LA60D covers.

But Paul and the team continued their Gold Coast rampage with a host of superior EJ product installed in significant Gold Coast sites like the massive Pacific Fair Shopping Centre, kilometres of Gold Coast Light Rail infrastructure, The Jewel Residences at Broadbeach and across the highway, the enormous Jupiters Casino upgrade. All major projects and EJ is there to take line honours.

For information about EJ product on your spec sheets, please contact your nearest EJ branch or call 07 3216 5000.
